Attorney General Bruning Comments on States' Motion in Health Care Challenge

(LINCOLN) Attorney General Jon Bruning today released the following statement on the States' amended pleading and complaint in the challenge of the federal health care legislation. Today's filing adds six states to the list of plaintiffs in the suit against the federal health care legislation, making a total of 26.

"Today, a majority of States joined in the fight to contain the federal government's unprecedented expansion of size and power," said Bruning. "I'm proud to stand together against this unconstitutional mandate and defend individual liberty."
